

The Sustainability Forum

**March 17, 2018
10:00 am - 6:00 p.m.**

Hawaii Island

The Sustainability Forum will be 150 stakeholders: youth leaders, progressive educators, innovative business, community organizations -- primarily from Hawaii Island -- with invited sustainability champions from neighbor islands and global partners.

design thinking
HAWAII

At the **Sustainability Forum** we will use Design Thinking tools to prototype in real-time user-friendly **Sustainable Toolkit App** as a tool to implement the **Sustainability Resolution** (#SCR 192 & HCR 178) that commits to bring sustainable education to all Hawaii youth. Our goal is to provide an online resource to connect youth, businesses, educational systems, government and the community to resources regarding environmental stewardship and sustainability.

- Hawaii's goal of 100% Renewable Energy by 2045
- Kohala's vision of 25% food security by 2050
- Help train Hawaii's youth for green jobs and build a sustainable workforce
- DBEDT's goal of diversifying Hawaii's economy with sustainable tourism

Sustainability Survey

To create the optimal platform to promote environmental stewardship, we are reaching out to all those sectors to design the database. To ensure the success of the Sustainability Toolkit, we need your help. Your input will help guide us and our tech team to develop the App's BETA content and serve as your admissions pass to attend the Sustainability Forum. The Sustainability Toolkit App will then be BETA-tested on Hawaii Island.
