June 22, 2015

2015 Youth Leadership Summit for Sustainable Development  
Hawai'i Delegation

Dear Delegates:

On behalf of the State House of Representatives, I would like to extend a warm aloha and congratulations to each of you for being selected to serve as a member of the Hawai'i Delegation to the 2015 Youth Leadership Summit for Sustainable Development. Clearly, the preservation of natural resources on a global level is essential to maintaining a quality way of life. This is particularly true here in Hawai'i, the most isolated land mass in the world, where remoteness makes our environment all the more unique and fragile. We must all be vigilant and continually work towards achieving sustainability goals to ensure the future of Hawai'i. The House of Representatives is proud to recognize the efforts of youth, such as yourselves, who are promoting environmental sustainability to create a solid, fruitful future for generations to follow.

Once again, congratulations to Jacqueline "Jackie" Noborikawa, Kimo Short, Serena Le, Trevor Tanaka, and Celeste Yee for being selected to serve as Hawai'i's Delegates to the 2015 Youth Leadership Summit for Sustainable Development. Mahalo to each of you for your outstanding commitment to your community and dedication to making sustainability a reality. We extend our best wishes to you for a successful event and in all of your future endeavors.

Aloha,

Ken Ito  
Representative  
49<sup>th</sup> District
